Report by myastro.com

This Lovers Report is divided into 4 chapters.

Chapter 1 compares your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you are married or live together. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you are married than if you are only seeing each other occasionally.

Pay close attention to the issues described in Chapter 2 because these are the most important themes in your relationship. For example, if themes of romance and sexual attraction are emphasized, then you can count on this relationship being a passionate one. However, if romance and sexuality are hardly mentioned at all, then this relationship will not be a passionate one. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. Chapter 3 describes situations and circumstances that arise if you have a close, long-lasting relationship.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that Oprah is more aggressive than Stedman, and another statement that Stedman is more aggressive than Oprah, means that you alternate roles, with Oprah sometimes being the leader and Stedman being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, we have assumed that you are opposite-sexed (assuming that both of you are heterosexual, otherwise same-sexed). Physical attractiveness, age, religion, education, family and cultural background will affect your relationship as well. The material in Chapters 2, 3, and 4 of this report describes the magnetism between you, but does not describe your individual

natures. For example, suppose that Chapter 2 makes little mention of romance and sexuality, but the Natal Reports for each of you indicate that each of you has extremely strong romantic and sexual desires. In this case, marriage is not likely to be successful! However, if romance and sexuality are not important to either of you, then the lack of passion in your relationship is not likely to be as much of a stumbling block.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

Chapter 1

A Comparison of Temperaments and Life Styles that Affect Your Ability to Harmonize with Each Other

Oprah's Sun in Aquarius and Stedman's Sun in Pisces:

Both of you are very open-minded and tolerant toward new ideas, the unusual, and the unconventional. Oprah, however, is much more cerebral than Stedman, who is essentially intuitive and emotional. While Oprah is cool, rational, and always able to give excellent reasons for an opinion or position, Stedman is frequently unable to logically articulate the feeling, values and subtleties that color and shape personally-held attitudes or positions. Also, Stedman is a very sympathetic, compassionate person who feels the needs and pain of others very directly. Oprah has a humanitarian outlook, but is often more concerned with principles and ideals, rather than with real people and their actual situations. Oprah, in fact, is capable of considerable emotional detachment and objectivity, unlike Stedman, who is hopelessly subjective.

Oprah is uncomfortable with too much emotion and dependency, and Stedman may want more intimacy, affection, and emotional closeness than Oprah wants, or is capable of giving.

Oprah's Moon in Scorpio and Stedman's Moon in Pisces:

You are both very intuitive and psychically receptive, and you sense what is going on inside others even when they try to hide it. You have a very sympathetic rapport with one another, and you may get so enmeshed with each other that it is hard for you to tell whether you are feeling your own emotions and responses, or those of your partner.

Both of you are very, very sensitive, but the difference between you is this: Oprah will hold onto hurt feelings and may

harbor unexpressed resentments, jealousies, secret fears, and guilt for a long, long time. Stedman, on the other hand, is much more forgiving, tolerant, and ready to make excuses for the offender. Oprah is more of a fighter and wants to retaliate when injured; Stedman is basically a peace-loving pacifist who would rather not create more conflict.

Though you both feel very deeply, you may not be very articulate about your feelings and inner experiences. You share an affinity for music. Living near water would be beneficial for both of you.

Mars & Uranus hard or conj for Stedman, soft for Oprah:

Both of you are risk-takers and enjoy wild, daring, exciting action! However, Stedman is often extremely impatient, wants everything to happen NOW, and is prone to rashness and taking foolhardy risks. Stedman can be very rebellious and disruptive. Accidents and injuries due to premature action and trying to force things, may be the result. Oprah, on the other hand, is also daring, but usually feels no need to provoke a fight or force situations. Freedom and independence are vitally important to you both.

Chapter 2

Major Themes in the Relationship: What Brought You Together

Oprah's Mercury Opposition Stedman's Pluto:

Your conversations have a deep, probing quality. You uncover hidden aspects of yourselves and, in general, you find that you can share at a much deeper level than you can with most people. If you encounter a topic where you strongly disagree with each other, you will both hammer on this issue until it is resolved or until death - whichever comes first!

Stedman's Sun Square Oprah's Jupiter:

Enthusiasm, optimism, and good will are very strong in your relationship. Oprah is able to see ways that Stedman can grow, expand, and develop in material and concrete ways as well as in attitude and inner ways. Oprah, however, may try to push Stedman too hastily and be deceived by unrealistic expectations, resulting in foolish joint speculations and unsuccessful ventures. Try not to let your shared enthusiasm and optimism spawn unrealistic hopes and expectations.

Stedman's Asc. Trine Oprah's Saturn:

Oprah is a stabilizing force in Stedman's life, and offers steady, quiet support when Stedman is in need. Oprah may help Stedman build a firm foundation and long-term security for Stedman's life. It is easy for you to be committed to one another, both as friends and as lovers.

Oprah's Moon Square Stedman's Moon:

There are many differences in your personal habits, tastes, and your needs for emotional closeness or distance, or preferences for solitude versus sociability. You are inclined to become very annoyed with each other over minor differences. Irritations over small differences of opinion and a tendency to be inconsiderate towards each other can make you both feel uncomfortable. These annoyances are not likely to lead to major upsets or seriously threaten the stability of your relationship, but they are a nuisance. You must learn to respect the differences in your temperaments and personal habits, and strive to be aware of each other's needs.

Oprah's Mercury Trine Stedman's Neptune:

You enjoy discussing any subject that has an imaginative or mystical quality - art, music, fiction, theater, or religion. You kindle each other's imagination and ideals. You work together well in the arts, and humanitarian and religious areas. You have a strong intuitive and psychic rapport and often understand each other without need for words.

Stedman's Mercury Trine Oprah's Saturn:

You work together well on practical problems. You help each other refine and clarify your ideas, and help "edit" each other's work. Consequently you make a very effective team in business affairs, important or exacting work, and in solving daily problems.

Chapter 3 Destiny and Final Outcome of Your Relationship

Composite Moon Opposition Uranus:

In this relationship, neither of you will ever feel

completely settled, secure, and certain. Just when you feel a reliable pattern has been established, it is bound to change. You may feel that the two of you are constantly in flux, constantly in transition. Whether this is disturbing or exciting to you will depend upon your individual temperaments and how willing you are to live with a certain amount of insecurity and unpredictability.

Yours is destined to be a untraditional relationship; the usual rules and expectations won't apply. Your world may be turned topsy-turvy by one another. Experimenting with alternative lifestyles or "open", non-exclusive relationships, or a radical departure from the ways you were brought up, is likely. "Leaving the familiar" is a phrase that is a theme here.

If you crave excitement and living totally in the present appeals to you, being with one another may be just the thing for you.

Composite Sun Conjunct Mercury:

Yours is an intellectual relationship, among other things. Exchanging thoughts, studying together, sharing information, talking and bantering, turning one another on to new books or ideas, sparking one another's curiosity and interest in the world - all of these are important aspects of your relationship. A certain detachment and the ability to think about and talk about what is going on between you are also highlighted. Put simply, becoming more conscious or more informed and educated is a significant reason the two of you are drawn together.

Composite Venus Trine Uranus:

Openness, unconventionality, freedom from limiting ideas about how people "should" arrange their intimate lives, and willingness to experiment (sexually, or in how you derive pleasure and enjoyment) - these will inevitably play a significant role in your relationship with each other. You may be "breaking the rules" in some significant way, just by being together. The differences in your ages, races, or backgrounds may take people by surprise, for instance. Or in some other way you may not seem to fit together, according to "normal" standards. In certain significant ways the two of you do not conduct your relationship in the ordinary way. An unusual degree of independence and flexibility, and something totally different from other relationships you may have had, are part of what this connection is all about.

Composite Saturn Sextile Pluto:

Together you have a great deal of endurance and staying power - which you will need over the course of this relationship. Facing losses, living through tough times, and somehow forging an even stronger bond because of these hardships - are all indicated. While this is not destined to be an idyllic relationship, it will be a deep one.

Chapter 4 Other Themes in Your Relationship

Oprah's Sun in Stedman's 8th house,
Stedman's Sun in Oprah's 8th house:

There is a magnetic, rather intense attraction between you, and it is very likely that you will go through many intense challenges and emotionally powerful experiences together, even if your relationship is not a permanent one. Bonding is very strong, and there is some tendency to possessiveness and jealousy in this relationship.

Oprah's Moon in Stedman's 5th house:

Oprah greatly appreciates Stedman's creative interests and provides an encouraging audience for Stedman's personal creative works, whether it be a garden, a culinary delight, home decor, or artistic creation.

Stedman's Moon in Oprah's 8th house:

As your relationship develops, a powerfully emotional bonding develops. Your feelings for each other are intense and can also be rather complex. Jealousy is possible and if things go wrong, you can hate each other with the same intensity that you once loved each other. If you marry or pool your resources but later separate from each other, you will have an extremely difficult time disentangling your mutually owned property, and you are likely to argue intensely over proper division of your joint assets.

Oprah's Mercury in Stedman's 8th house,
Stedman's Mercury in Oprah's 8th house:

Your conversations are rarely superficial, and the

intensity and depth of your conversations may have been an important factor in drawing the two of you into a relationship. You are also likely to develop joint business ventures or financial strategies.

Oprah's Venus in Stedman's 8th house:

Oprah stirs Stedman's romantic and sexual feelings. Oprah is exciting, almost mysterious to Stedman. An intense, but emotionally complex relationship can easily develop.

Stedman's Venus in Oprah's 9th house:

Oprah has a great deal of respect and appreciation for Stedman, and may even look up to Stedman. If Oprah ever feels that Stedman's motives are not sincere or genuine, then the disappointment can be crushing to your relationship.

Oprah's Mars in Stedman's 5th house:

The two of you make a great match for games, especially outdoor sports. Oprah also encourages Stedman to develop creative talents, and you may become involved together in creative projects.

Stedman's Mars in Oprah's 9th house:

Stedman challenges Oprah's philosophical viewpoints and religious beliefs. There is the possibility that Stedman will try to force individual views on Oprah.

Oprah's Jupiter in Stedman's 12th house:

Oprah has a knack for getting under Stedman's skin and understanding Stedman in a more intimate, deeper way than most other people. Oprah is a dear friend, and comes "to the rescue" in times of crisis or transition. Together, you will develop a shared interest in altruistic and humanitarian (possibly also religious or spiritual) activities.

Stedman's Jupiter in Oprah's 9th house:

There is sufficient variety and expansiveness in this relationship to keep it interesting for a long time. No doubt you enjoy traveling, vacationing, socializing, and going out together, and the rich variety of experiences that you share together enriches your outlook on life and increases your appreciation of many things that you otherwise tend to be

unaware of or uninvolved in.

Oprah's Saturn in Stedman's 5th house:

This relationship causes Stedman to question personal skills and competence a great deal. Oprah feels that Stedman is capable of so much more, and is inclined to feel that Stedman is wasting valuable talent. Oprah would like to see Stedman be more serious and less superficial in creative work. Over time, Oprah is likely to nag Stedman to concentrate more on expressing unused personal talents. Rather than inspire Stedman to do more, this may only serve to make Stedman feel inadequate and dissatisfied with any accomplishments or progress made. With care and consideration, Oprah can, indeed, spur Stedman on to greater self-mastery and development, but the process is more delicate than Oprah may at first realize. Great care - and unconditional love - is needed on Oprah's part to achieve this.

Stedman's Saturn in Oprah's 3rd house:

Stedman has a nasty habit of correcting Oprah. Stedman sometimes gets into the mode of being Oprah's "editor"; making false assumptions, correcting logical inconsistencies, and interrupting Oprah in the middle of a sentence in order to point out a flaw in the argument. Stedman may not have this tendency with others, but it does happen frequently in your relationship. The positive side of this tendency is that you are often able to communicate in a deeper, more honest fashion, and get to the heart of the matter at hand; the "editing" is sometimes successful, and helps to clarify issues. If handled properly, you can be good at solving problems together.

Oprah's Uranus in Stedman's 1st house:

Stedman's more unusual, creative side comes out in this relationship, and Stedman feels more spontaneous and exuberant with Oprah than with most other people. Consequently, there is a lively feeling to your relationship, but if Oprah is a rather unstable person, then Stedman may feel that there is not enough stability and reliability in the relationship.

Stedman's Uranus in Oprah's 12th house:

Stedman, directly or indirectly, makes Oprah reconsider many basic assumptions about life. A fresh perspective on issues of religious faith and ethics is often discovered, and Oprah may be able to break free from the limitations of current attitudes and beliefs that work primarily in a subconscious manner to make

Oprah harbor secret feelings of guilt or inadequacy. Much of this change is likely to occur simply via the very different perspectives and attitudes that Stedman has on certain issues, which encourages Oprah to take a fresh look at issues of an innermost nature.

Oprah's Neptune in Stedman's 5th house:

Oprah enjoys acting childish and silly with Stedman. You enjoy playing games with each other, and there is also a strong element of fantasy and imagination in your romantic and sexual life.

Stedman's Neptune in Oprah's 4th house:

There is a good deal of fantasy, imagination, and playfulness in your relationship. Stedman, in particular, sparks Oprah's imagination and intuition. One way this quality is likely to express itself is in the style of your home, which is likely to be decorated and arranged in a very imaginative way.

Oprah's Pluto in Stedman's 3rd house:

Oprah sometimes expresses ideas and opinions in a very forceful manner to Stedman, who inspires Oprah to take a strong stand on issues, but Stedman may feel that Oprah is too narrow-minded at times. The two of you can work well together in areas that require concentration or bold presentations such as research, marketing, etc.

Stedman's Pluto in Oprah's 1st house:

Stedman is fascinating, mysterious, almost charismatic to Oprah. There is a strong desire to know each other more intimately, and share very personal experiences. You may also be prone to power struggles at times or try to manipulate one another.

Stedman's Sun Trine Oprah's Uranus:

Playfulness and a zest for newness infuse your relationship. You really spark each other's imagination and creativity. This quality is especially welcome in a long-term relationship because you will not fall into a lifeless routine. You spur each other to explore, take risks, and develop new creative outlets. You encourage each other's independence. There is an electric, spontaneous quality between you , and your sexual relationship is lively and exciting as well.

Oprah's Asc. Sextile Stedman's Saturn:

Stedman has a steadying effect on Oprah, and you are likely to build a deep commitment to one another over time. You have a reliable friend in one another.

Stedman's Moon Trine Oprah's Neptune:

You spark each other's imagination and you enjoy a colorful, sensitive relationship. Sharing of inner experiences, artistic and musical interests is a strong, positive part of your relationship, and you may engage in positive artistic, musical, religious, or altruistic endeavors together.

Oprah's Moon Sextile Stedman's Saturn:

The level of mutual trust and respect for each other is very high. You are very responsible and honest to each other. You are able to communicate your deepest concerns, values, priorities, and moral beliefs with a candidness and frankness that is impossible with most other people. It is likely that your relationship will be a long, stable one.

Oprah's Mars Trine Stedman's Jupiter:

The two of you form an effective, dynamic team in any venture or endeavor. You work together very well in accomplishing daily tasks, and it is likely that you will also successfully coordinate efforts on joint efforts as well.

Oprah's Jupiter Square Stedman's Jupiter:

You do not see eye to eye on philosophical matters, ethical standards, or overall approach to life, and you may find yourself in conflict over basic principles or differences of opinion and outlook. Through your relationship and because of your differences, each of you will be able to more clearly define what it is you truly believe in and what you aspire towards. You also have the opportunity to develop tolerance and broad-mindedness toward people whose stance doesn't agree with your own. In fact, you may find yourself experiencing much more of the world by trying, with an open mind, to see things from your partner's point of view. However, you will probably feel a lot of resistance to doing this. If either of you is very dogmatic or a rigid adherent to a particular belief system, this relationship will be experienced as very challenging and uncomfortable at times.

Oprah's Jupiter Trine Stedman's Neptune:

There is a strong psychic or spiritual connection between you, a sympathetic rapport that enables you both to be especially generous, tolerant, and accepting of one another. Your ideals and beliefs are in harmony. Your faith, optimism, imagination and hopes and plans for the future are stimulated by being together. However, you may simply dream, speculate, or spin fantasies rather than actually do anything concrete. You tend to be enjoyably lazy and indulgent together.

Stedman's Jupiter Trine Oprah's Uranus:

This is a relationship in which you both can feel free to change, explore, invent, try creative or unusual ideas, and express your more adventurous or unconventional sides. Together, you have an expanded sense of what is possible, and the confidence and enthusiasm you feel with one another enables you to "go for it"! You help bring out one another's originality and creative impulses.

Oprah's Jupiter Sextile Stedman's Pluto:

Your faith and confidence in yourselves and in life deepens through your relationship with one another. You encourage one another to explore and develop your personal potential and to be more courageous in taking risks in your lives. Unusual coincidences and unexpected good fortune seem to come your way when the two of you are together.

Oprah's Uranus Square Stedman's Neptune:

Bursts of inspiration, creative imagination and insight, or strange psychic experiences makes your relationship lively and unusual. You may do some rather bizarre or unusual experimenting together. Avoidance of responsibility or reality can be a problem at times.
